## Health Insurance Marketplace FAQs

### What is the Health Insurance Marketplace?

The Marketplace is a new way to find health coverage that fits your budget and meets your needs. With one application, you can see all your options and enroll.

### What will I learn when I apply in the Health Insurance Marketplace?

When you use the Health Insurance Marketplace, you'll fill out an application and see all of the health plans available in your area. You'll find out if you can get lower costs on your monthly premiums for private insurance plans. You'll learn if you qualify for lower out-of-pocket costs. The Marketplace will also tell you if you qualify for free or low-cost coverage available through Medicaid or the Children's Health Insurance Program (CHIP).

### How can I apply to the Health Insurance Marketplace?

You can apply for Marketplace coverage three ways: online, by mail, or in-person with the help of a Navigator or other qualified helper. Telephone help and online chat will be available 24/7 to help you complete your application. Open enrollment starts October 1, 2013. Plans and prices will be available then. Coverage starts as soon as January 1, 2014.

### What are my plan options in the Health Insurance Marketplace?

Insurance plans in the Marketplace are offered by private companies, and they cover the same core set of benefits called essential health benefits. No plan can turn you away or charge you more because you have an illness or medical condition. They must cover treatments for these conditions. Plans can't charge women more than men for the same plan.

### What is the greatest benefit of the Marketplace?

The Marketplace simplifies your search for health coverage by gathering the options available in your area in one place. You can compare plans based on price, benefits, quality, and other features important to you before you make a choice. In the Marketplace information about prices and benefits will be written in simple language. You get a clear picture of what premiums you'd pay and what benefits and protections you'd get before you enroll. Compare plans based on what's important to you, and choose the combination of price and coverage that fits your needs and budget.

### What are the 3 key dates that I should mark on my calendar concerning the Health Insurance Market Place?

- **October 1, 2013:** Marketplace open enrollment starts
- **January 1, 2014:** Health coverage can start
- **March 31, 2014:** Open enrollment ends

Fulton County says *Get Ready!* The Health Insurance Marketplace is *coming October 1st!*

# Here's how it works:

## Create an account

First provide some basic information. Then choose a user name, password, and security questions for added protection.

## Apply

Starting October 1, 2013 you'll enter information about you and your family, including your income, household size, and more.

## Pick a plan

Next you'll see all the plans and programs you're eligible for and compare them side-by-side. You'll also find out if you can get lower costs on monthly premiums and out-of-pocket costs.

## Enroll

Choose a plan that meets your needs and enroll! Coverage starts as soon as January 1, 2014.
