Thoughts on Stewardship

The promotion of the practice of stewardship is important for the mission of the Church and for the spiritual well-being of each individual Christian. Everyone benefits from the sacrificial gift one makes of his time, talent, and treasure. – Pope Emeritus Benedict XVI

NEWS AT LOURDES

LOURDES MENTORING PROGRAM 2015-16 The men in the mentoring program at Hope-Hill Elementary, showed up and showed out. Last year was a great success. We are looking for more mentors, male and female for the 2015-2016 school year. Mentors must be at least 25 years of age or older, and must pass a church and school background check. For more information, contact Louis Hubbard @ 512.426.7888, email: dipdab80@sbcglobal.net.

LOURDES BOOK CLUB Join us for a book discussion on Saturday, August 22, 2015 at Panera at Emory Village at 7 p.m. Our book selection is *Kinder Than Solitude: A Novel* by Yiyun Li. Moving back and forth in time, between America today and China in the 1990s, *Kinder Than Solitude* is the story of three people whose lives are changed by a murder one of them may have committed. When they were young back in China, they were involved in a mysterious incident in which a friend of theirs was poisoned. For more information, please contact Carole Lacour at Lared111@aol.com or (404) 629-0878.

NATIONAL IMMUNIZATION AWARENESS MONTH is the perfect time to promote immunizations and remind family, friends, and coworkers to get caught up on their shots. Immunizations (or vaccinations) aren't just for babies and young kids. We all need shots to help protect us from serious diseases and illness. Everyone age 6 months and older needs a seasonal flu shot every year. Here are some other shots people need at different ages: Young children: • Children under age 6 get a series of shots to protect against measles, polio, chicken pox, and hepatitis. Pre-teens and teens: • Pre-teens need shots at age 11 or 12 to help protect them from tetanus, diphtheria, whooping cough, meningitis, and HPV (human papillomavirus). • Teens need a booster shot at age 16 to help protect them from meningitis. Adults: • All adults need a booster shot every 10 years to protect against tetanus and diphtheria. • People age 65 or older need a one-time pneumonia shot. • Talk to your doctor or nurse about which shots you and your family need.
