Centennial Note

About the Centennial Logo: The centennial logo was designed by Robert Evans (parishioner), Principal, Times3 Graphic Design. The logo uses Our Lady of Lourdes blue and gold colors, traditionally associated with the Virgin Mary. A cross shape is centered within the four quadrants, and a subtle kente pattern referencing Lourdes' African-American roots appears in the gold quadrants. The dates of the founding year and centennial year are overlaid on the squares.

How bright does your light shine? The Centennial Interfaith Service will take place here at Our Lady of Lourdes on Thursday, November 15, 2012 at 7:00pm. You are called to be light in the world. Come shine your light with our sisters and brothers of Baha'i, Buddhist, Christian, Hindu, Jewish, and Muslim faith as we prepare to celebrate our 100th anniversary. You will experience an evening of prayer, scripture, song, and fellowship. Don't miss out! Light reception to follow.

Social Action Factoid II Theme: The Death Penalty ~The death penalty is intended to punish the most brutal crimes, but in reality its application is biased, arbitrary and unfair.

Eucharistic Ministers Another training session will be held for all those who currently serve in this ministry as well as those interested in serving, on Saturday, December 1 at 12 noon in the church. This is a mandatory training, preparing for changes that will go into effect in January, including a monthly schedule. Again, you must attend the training session in order to be scheduled. We thank you in advance for your dedication to this ministry and for all you do for its success.

November is National Lung Cancer Awareness Month Lung Cancer is a tragic disease that takes a terrible toll on those with the disease, as well as their loved ones. Lung cancer is the leading cancer killer in both men and women in the United States. In fact, more people die from lung cancer than any other type of cancer. The American Lung Association has long been the leader in the fight against lung cancer and is taking new steps to help both patients and their families. Quitting smoking is the single most important step a smoker can take to reduce their risk for lung cancer. Quitting can be tough but smokers don't have to quit alone. Smoking cessation programs have helped smokers quit for nearly 30 years. Freedom from Smoking and Not-On-Tobacco are two programs available to help adult and teen smokers quit for good. The Quitter in You program is designed to help people who have tried to quit before see each attempt as a step to success, not a failure. Speak with your Primary Care Physician regarding your risks for Lung Cancer and Lung Disease.
