Pre-teens and teens: ✓ Pre-teens need shots at age 11 or 12 to help protect them from tetanus, diphtheria, whooping cough, meningitis, and HPV (human papillomavirus). ✓ Teens need a booster shot at age 16 to help protect them from meningitis. **Join the Lourdes Book Club** for a book discussion on Saturday, October 25, 2014 at Panera at Emory Village at 7 p.m. Our book selection is "The House of the Spirit: A Novel by Isabel Allende". In one of the most important and beloved Latin American works of the twentieth century, Allende weaves a luminous tapestry of three generations of the Trueba family, revealing both triumphs and tragedies. The major characters in the book come from two opposing classes: the landed aristocracy and the peasants. They are also all women who work in different and subtle ways to assert their rights. The House of the Spirits is an enthralling saga that spans decades and lives, twining the personal and the political into an epic novel of love, magic, and fate. "Extraordinary . . . powerful ... sharply observant, witty and eloquent." —The New York Times.
