Reasons to Hope
Listening to the Wisdom of Earth

With so much chaos and sincere disagreement about the best way forward for ourselves, our communities, and even our planet, we may be tempted to despair. Rather than lose hope, are called to pause and look for wisdom to guide us.

Linda Gibler, a Dominican Sister of Houston, suggests we listen to the voice of Earth for inspiration. Drawing from the depths of the Christian tradition and evolutionary science, Linda tells the story of Wheat from its cosmic origins 14 billion years ago to how it participates in the Eucharistic banquet today. Wheat, like all of Earth's creatures, has much to tell those who listen.

*Join us for an evening of lecture,
reflection, and shared wisdom.*
