Parking Structure Progress

If you have been to Lourdes lately, you will notice the neighborhood around us is rapidly growing with new construction projects. On Boulevard, between Edgewood and Gartrell, you will see Waldo's, the mixed-use development that includes a parking structure. The parking structure is nearly complete and construction on top of the structure has commenced.

In the parking structure at Waldo's, we will gain 200 parking spaces for Saturday evenings and Sundays and nearly double our total parking capacity.

The arrangement guarantees parking for Lourdes in perpetuity.

The anticipated completion date for Waldo's is Winter 2024. To learn more about the project, please visit <https://www.waldosatl.com>. Click on the video link to see Waldo's progress over the last couple of years.

From The Pastor

As I read notes from visitors, I am reminded that Lourdes is an inviting and vibrant place of inspiring worship - a community of belonging and meaningful joy. The Spirit of God has led us, supported us, and united us through all the joys and challenges the past 110 years. Now we are called once again to venture out in faith so that our church can continue to celebrate, inspire, and transform.

We began our Capital Campaign, Moving Forward In Faith, over two years ago to raise funds for our new church. While we have made good progress in our Capital Campaign, the journey must continue. The cost of a new spiritual home is approximately \$10M with a 10% tithe towards social justice initiatives. Our first milestone set for the campaign is \$3M and we have approximately \$400,000 to go to reach this milestone.

I am incredibly grateful for your generosity and contributions. I invite you to make a pledge or gift if you have not done so yet or add to your existing pledge if you are able to do so by [clicking here](#). Please call the church office at 404.522.6776 if you need assistance.

With the love of Christ,

Father Jeffrey
